IMPORTANT HEALTH & SAFETY NOTICE

CUSTOMERS WITH DOWNS SYNDROME

Approval for participation that is signed by GP or Pediatrician must be provided before taking part in any Gymnastic or Trampolining activities.

The British Gymnastics Association, the National Body for Gymnastics and Trampolining, have released guidelines for customers with Downs Syndrome. It is possible that certain customers with Downs Syndrome may also have Atlanto-Axial instability (Instability within the vertebrae in the neck) and as such, to ensure their safety, will be asked to obtain evidence from their GP or Pediatrician that they have been screened, using the screening test developed by the British Gymnastics Association for Alanto-Axial Instability.
